## Technical Diagnostic Services, Inc. Announces members of its professional Advisory Board

Technical Diagnostic Services, Inc. (TDS) is pleased to announce the formation of its professional Advisory Board to address issues and opportunities in the energy market and workforce development area.

Members are:

### **Bob Gary**

Former Executive Vice President of TU Electric-Generating Division. He managed the overall activities of the operations of bulk power to operating divisions of the TU Electric System. He was also responsible for the overall management of labor activities. Mr. Gary works with several corporations involving technical matters, large projects and corporate strategy.

### **Billy Hopkins**

Deputy Division Leader for Defense Facilities & Nuclear Operations - National Security Technologies. Functions as Manager of Nuclear Services providing oversight and direction for the Manager of Nuclear Safety. Directs the activities within Nuclear Operations, for Nuclear Maintenance, Nuclear Training, records and document control.

### **Dr. Bill Wenrich, PHD**

Chancellor Emeritus - Dallas County Community College. As CEO for the Dallas County Community College District, the chancellor oversees the largest undergraduate institution in the State of Texas; a comprehensive two-year system comprising 11 locations with an annual budget of more than 300 million. Dr. Wenrich is also fluent in Spanish.

### **Dwight Howell**

Former Vice President of Operations with Tenaska Inc. He had responsibility for the management and oversight of Tenaska's generation assets. In addition, he has over 30 years of diversified technical and managerial experience in the energy and chemical industries and has significant experience in combustion and steam turbine technology, as well as, combined cycle and cogeneration applications. He is currently involved in consulting activities with a focus in renewable energy applications.

### **Dave Myers**

Former chairman and CEO of IAP Worldwide Services, Inc. Former group president Fluor Corporation. President & CEO for independent consulting business supporting companies in the

engineering and construction industry with strategic direction including mergers, acquisitions and business strategies.

**Jason Wylie**

Legal Counsel with Thompson & Knight, Fort Worth, TX; primarily work in Litigation Section and with an Energy focus, total responsibility for several cases defending environmental contamination cases, oil & gas lease disputes, oil & gas contract disputes, pipeline operation matters, construction disputes. Several cases tried to a jury as first chair. Experience in negotiating and drafting contracts.

These gentlemen bring a wealth of industry knowledge and experience to TDS and with their help TDS will continue to grow as a valuable resource to the energy industry.

Technical Diagnostic Services (TDS) is an integrated start up, maintenance, operations, training, workforce development, test and diagnostic equipment, and asset-management Company with over 40 years of, successful experience in the energy field, primarily at power utility and petrochemical facilities.
