

Technical Diagnostic Services, Inc.

Thursday, August 20, 2009

TDSTI is Proud to Announce its Partnership with the OSHA Education Center at the University of Texas at Arlington to Bring YOU more OSHA Training Courses.

TDSTI now offers a total of 42 OSHA classes and seminars for you and your company. Please see our [2009-2010 OSHA training course schedule](#).

Academic Credit

The Region VI OSHA Education Center and Technical Diagnostic Services Training Institute (TDSTI) are pleased to present to all safety professionals the opportunity to earn an Associate's degree. Upon successful completion of the nationally recognized Certified Safety and Health Official (CSHO) program with the Region VI OSHA Education Center you can receive academic credit hours. In pursuing a CSHO, the Region VI OSHA Education Center proudly accepts courses from any other OSHA Training Institute Education Center.

Contract Training

Bring any of our professional courses to your selected location. You will receive specialized training to meet your needs while saving time and money.

Consulting

In addition to training, call our professional safety consultants for site audits, reporting support or other assistance with your safety, health or environmental programs.

For more information, please see our [TDS & UTA OSHA flyer](#).

For more information about our OSHA Certification programs, please visit <http://www.technicaldiagnostic.com/OSHACertification.htm>.

Need to become an industry recognized certified professional?
